Maryam,

I just spoke with Dr. Morgan for about 30 minutes. He needs an official invitation with the place and time for the October 13 meeting, and an agenda when ready. On the agenda, please identify him as "Dr. John Morgan, Regional Epidemiologist, California Cancer Registry; Professor, School of Public Health at Loma Linda University"

He also mentioned that he actually prefers to hear the work group's presentation first and then speaks so he can understand their health concerns and maybe address some of them in his presentation. He did say his presentation can take up to one hour, but understood we have time constraint. I suggest reducing to around 30-45 minutes including questions, but need to check with the team.

Finally, he said that his presentation will cover general cancer issues, but will not be specific to chemical or PCB exposures.

CY

Good Morning Dr. Morgan:

We have added you to the Agenda for the 13th of October meeting at the Arlanza Community Center in Riverside. Although the meeting starts at 6 PM, it would be great if you would be able to come around 5 pm to meet our team, and have some face to face time. The way things stand, the community work group is making a presentation (included in the email I sent you earlier). We have asked that you either be on the agenda before their presentation or immediately after. It is a huge honor to have you, and we want to make sure that there is enough time for you to have a discussion and solicit the information that you will need.

My understanding is that you had some time for a quick call early afternoon on Friday. Please let me know if any time from 1 through 3:30 PM would work on your end. CY will be giving you a call directly to narrow down the schedule.

We can't thank you enough for your generous commitment to attend this meeting,

Thanks!

Maryam

Good Afternoon Dr. Morgan!

I had set up a call for this afternoon at 1 pm, and much to my dismay--- just realized that I had not included you on the appointment request! Let me know if any time on Friday between 1 and 3:30 would work. Alternately, please feel free to call either Cy or Patrick directly.

CY Jeng: (714) 484-5359

Patrick Wilson: (415) 972-3354

Thanks!

Maryam
